

Pacific Islands Telecommunication Association AGM

The 18th Annual General Meeting [AGM] of the Pacific Islands Telecommunication Association (PITA), ended on Friday 11th April. The AGM took place at the Warwick Le Lagon Resort & Spa during the week and gathered together more than 200 delegates from Melanesia, Polynesia and Micronesia telecommunication operators. Asian, European and American providers, to name some of them, Alcatel-Lucent, Redknee, Huawei, also attended the meeting.

Telecommunication providers and operators met to discuss technology developments, organize, and set agreements, contracts, and business partnerships

amongst them.

On Friday, Telecom Vanuatu Limited, the proud host of the event, invited all CEO's of telecom operators to visit their premises, starting with a tour at the main head office at the Fatumaru Bay, followed with a visit to the International Technical Services at the Independence Park.

The day ended with an enjoyable farewell party at the Warwick Le Lagon Resort & Spa pool deck, with all the delegates, and the TRR and OGCI management.

It was a great and successful event both for Vanuatu

and the telecommunication industry.

TVL wish an enjoyable flight back home to PITA delegates for those who are leaving over the weekend and an agreeable sojourn in Vanuatu for those who are extending their stay!

PITA and TVL would like to thank again the Government of the Republic of Vanuatu and the sponsors because without them this successful 18th AGM would not have been possible.

Bigfala tankyu long Evrywan!
