**WANTOK NETWORK – COMMENTS ON .VU DOMAIN MANAGEMENT AND
ADMINISTRATION REGULATION CONSULTATION PAPER**

Dear Ron,

Please find attached Wantok Network's comments on the above consultation paper.

Apologies in advance for its brevity, this is due to other commitments in light of the recent cyclone and is not a reflection of the interest we have in the development of the .vu domain resource.

We look forward to participating further in the process as it evolves.

Yours sincerely

Damien Mullins
