

JANUARY NEWSLETTER 2026

VFSC Becomes a .VU Name Registrar

On 29 January, the Telecommunications, Radiocommunications and Broadcasting Regulator and the Vanuatu Financial Services Commission (VFSC) signed an agreement formalising VFSC as a registrar for the .vu country code domain.

This expands access for individuals, businesses, and organisations to register .vu domain names through a secure and trusted platform. The Regulator welcomed the move, noting it will strengthen awareness and accessibility of the .vu domain space in Vanuatu and internationally.

If you need a headline to sit above it, I can craft one too.

Office Relocation

The TRBR Office has moved back to its main office in town, upstairs at the former Post Office building, opposite the ANZ building.
